User Journeys

Gigs-hunting and BDP management system

Super Admin to Admin to BDP

Journey maps, hand-offs and daily routines for each role

Version 1.0 | November 2026

Status: design draft for review. No source code is produced in this document.

Contents of this part

1. Roles and Responsibilities

1.1 Colour key

2. End-to-End Journey

2.1 Hand-offs between roles

3. Super Admin Journeys

3.1 Changing rates and rules
3.2 Weekly and periodic governance

4. Admin Journeys

4.1 Onboarding a new BDP
4.2 Managing people
4.3 Operations and quality

5. BDP Journeys

5.1 Sign in and claim a lead
5.2 From CRM to a won deal
5.3 Points through their life
5.4 Everything else a BDP does

6. A Typical Day, Step by Step

6.1 BDP
6.2 Admin
6.3 Super Admin

1. Roles and Responsibilities

Three roles use the platform. Journeys are shown from the top of the organisation down to the BDP, because decisions made higher up (rules, caps, permissions) shape what each BDP experiences.

Table 1-1. Roles

Role	Who	Focus
Super Admin	Managing Partner	Rules and rates, equity, cap phases, bonus authorisation, system settings, governance, account deletion.
Admin	Manager	People and accounts, leave, flagged outreach, lead reassignment, manual points, training, reports, compensation review.
BDP	Employee	Claim and work leads, record outreach, manage CRM, follow-ups, deals, training, leave, weekly report.

1.1 Colour key

In the journey diagrams: **navy** boxes are Super Admin steps, **gold** boxes are Admin steps, **light grey** boxes are BDP steps and **dashed white** boxes are automatic system steps.

2. End-to-End Journey

The whole story in one line, from setting the rules to a BDP seeing their earnings. The first diagram covers setup and the BDP's first work; the second covers quality control, the deal and payout.

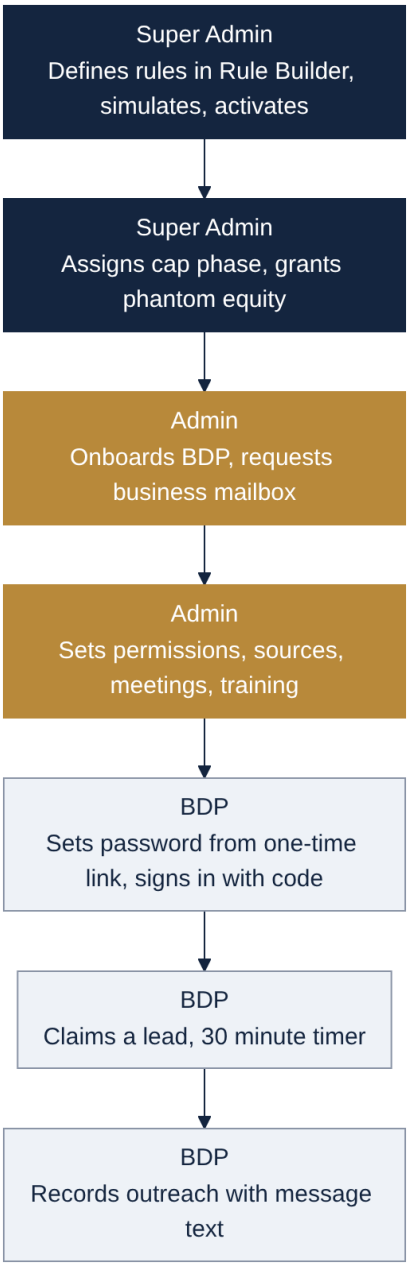

Figure 2-1. Journey overview, part 1: setup to outreach

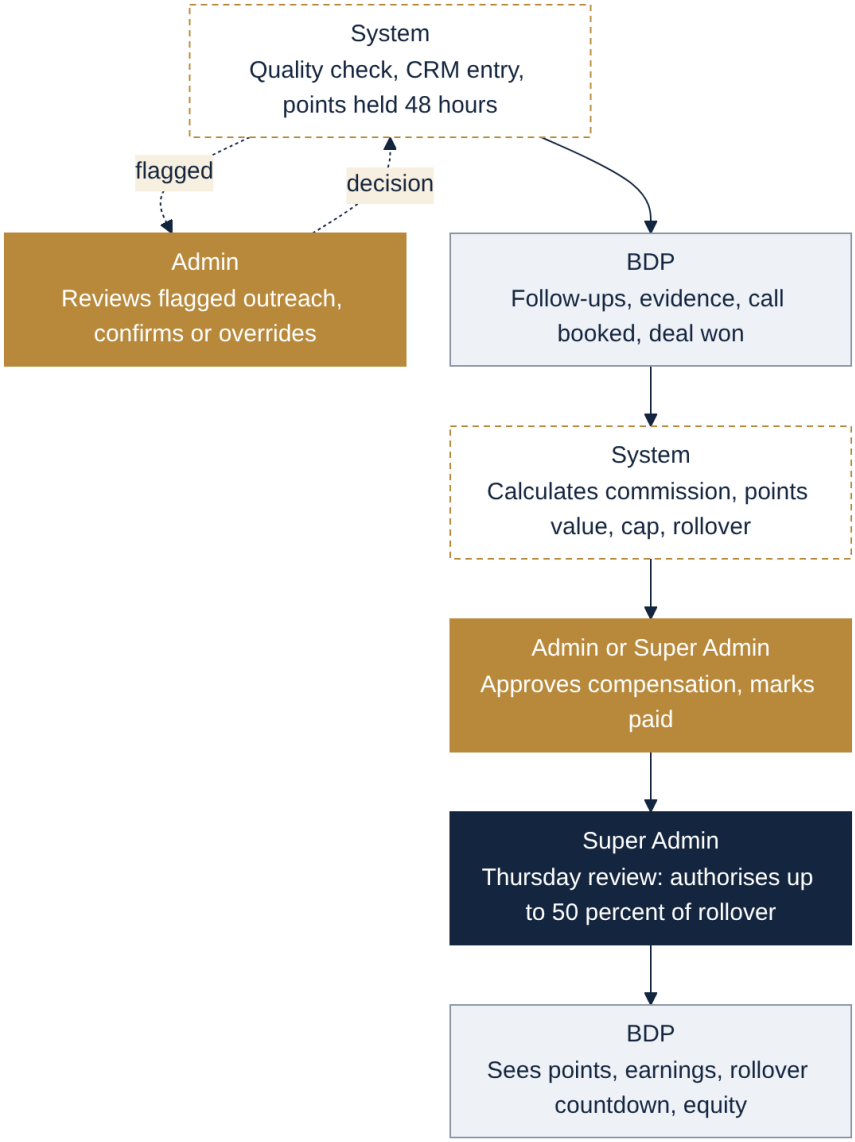

Figure 2-2. Journey overview, part 2: quality, deal and payout

2.1 Hand-offs between roles

Table 2-1. Role hand-offs

From	To	What is handed over	When
Super Admin	Admin	Active rule set, permissions to delegate, cap phases	After a rule set is activated or phases are assigned
Admin	BDP	New account, mailbox request, set-password link	At onboarding
System	Admin	Flagged or needs-review outreach	Within the 48-hour verification window
Admin	BDP	Released or rejected points, reassigned leads	After review
BDP	Admin	Leave request, weekly report, completed deal	When submitted
Admin	Super Admin	Compensation awaiting approval (if not delegated), bonus candidates	After deal closure and each Thursday
Super Admin	BDP	Approved payout, authorised bonus, equity grant	After approval

3. Super Admin Journeys

3.1 Changing rates and rules

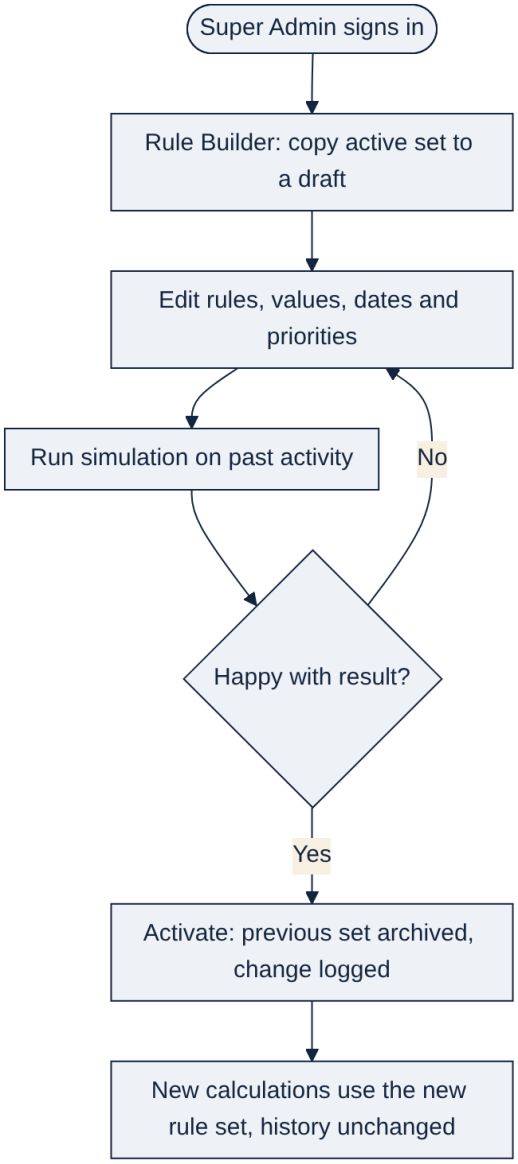

Figure 3-1. Rule change journey

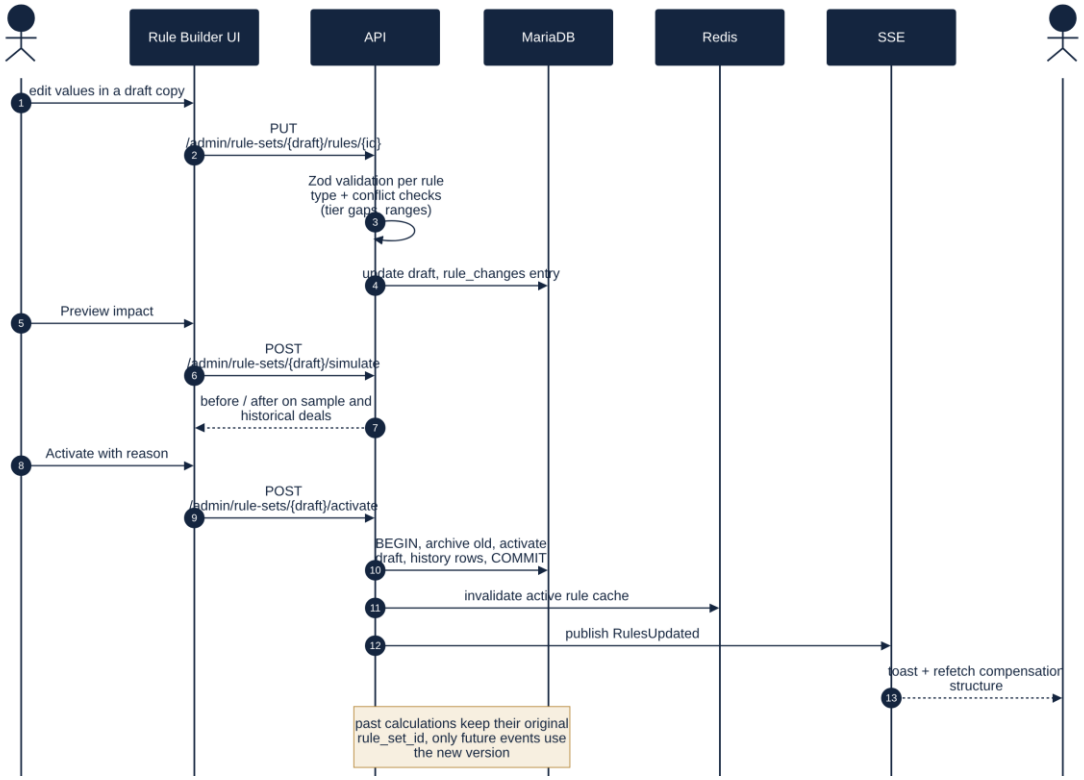

Figure 3-2. Rule change: what happens behind the screen

3.2 Weekly and periodic governance

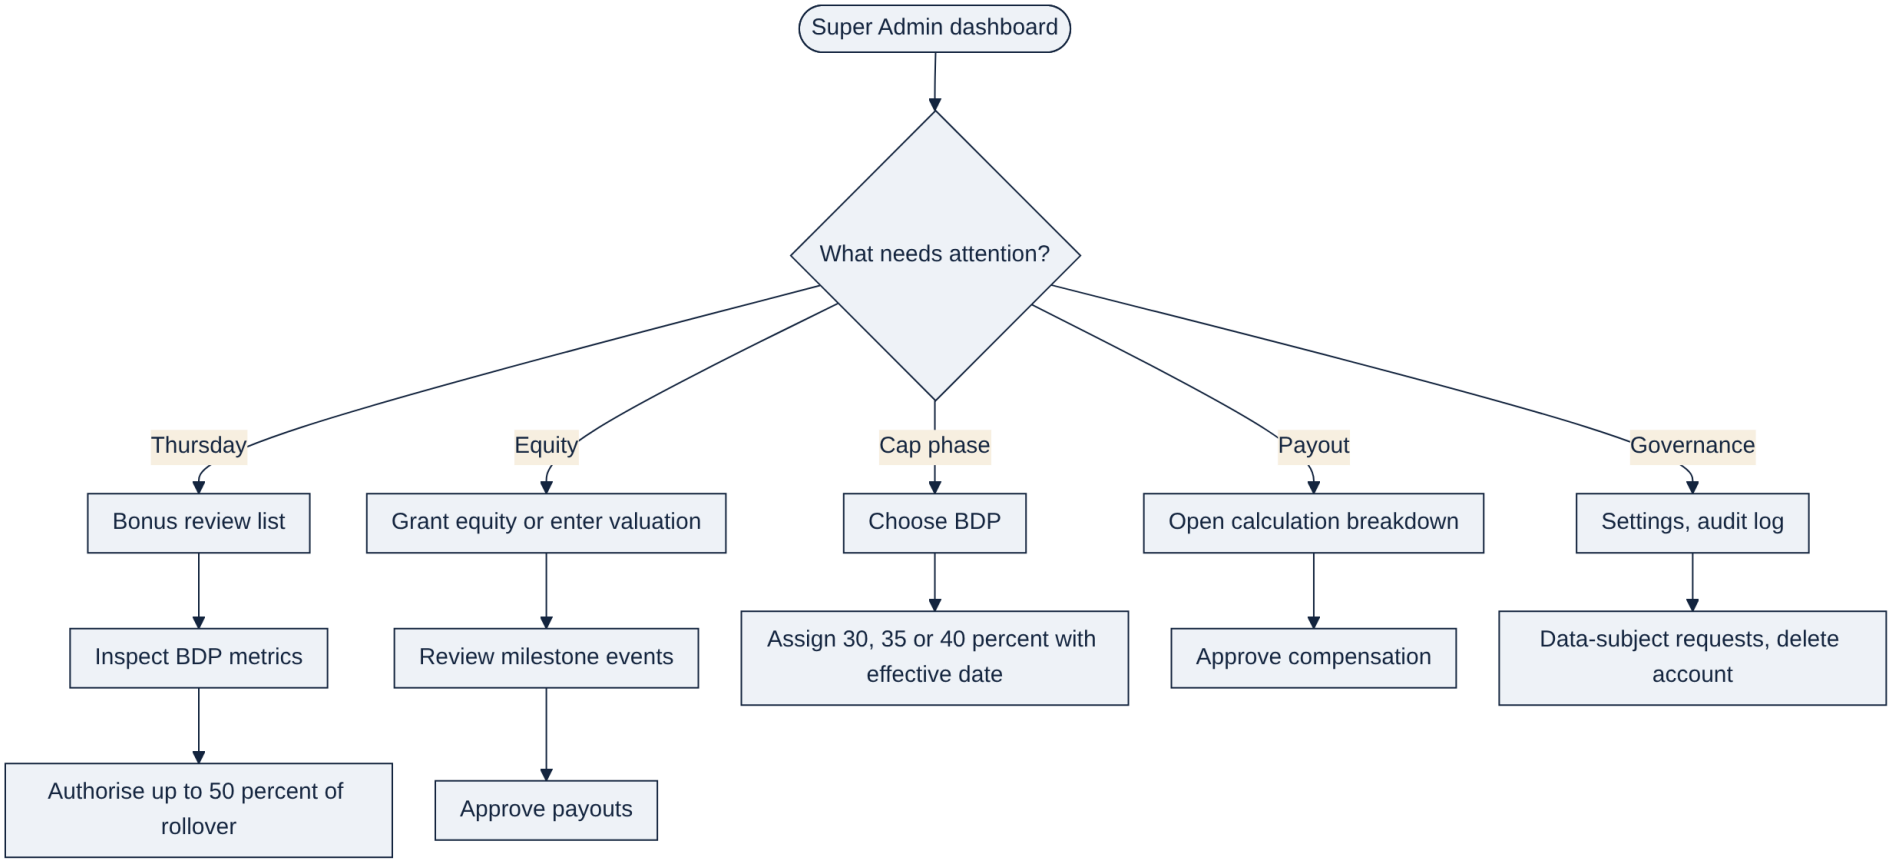

Figure 3-3. Super Admin governance journeys

Reserved to Super Admin

Rule builder and activation, cap phase assignment, performance bonus authorisation, phantom equity, system settings and account deletion. Compensation approval is Super Admin by default and can be delegated to Admin.

4. Admin Journeys

4.1 Onboarding a new BDP

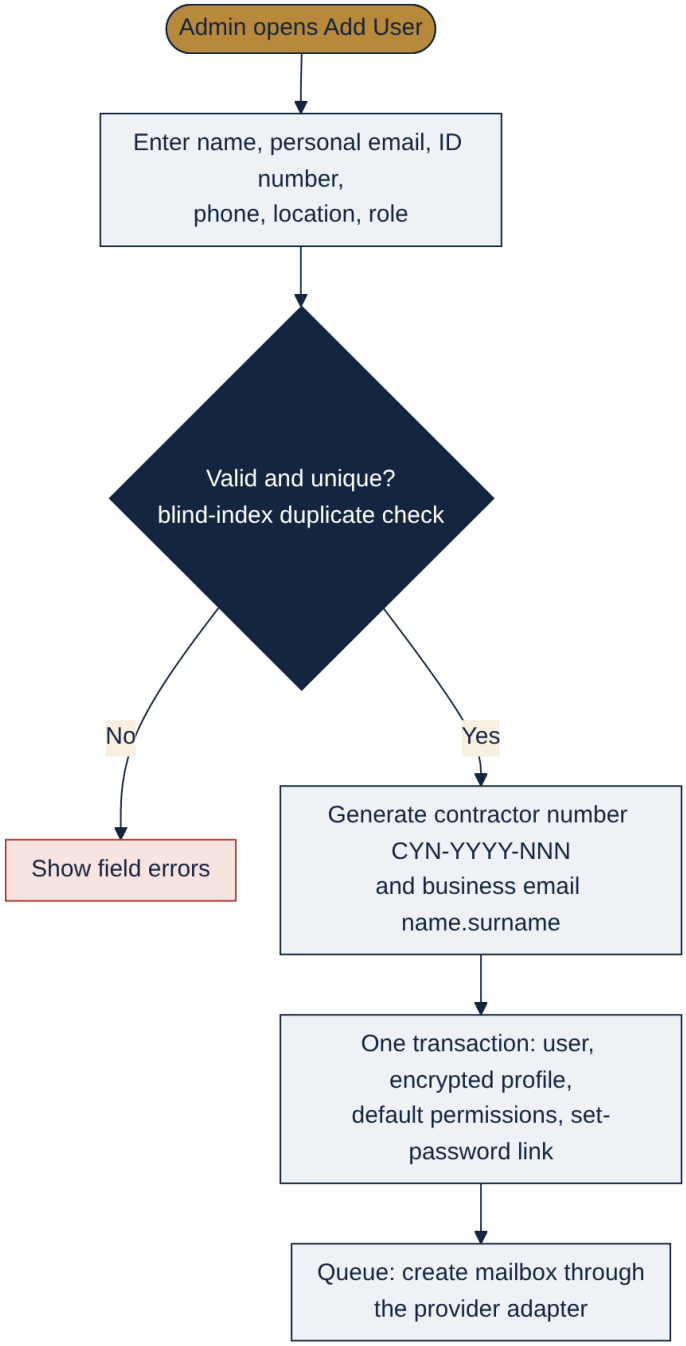

Figure 4-1. Onboarding, part A: account and mailbox

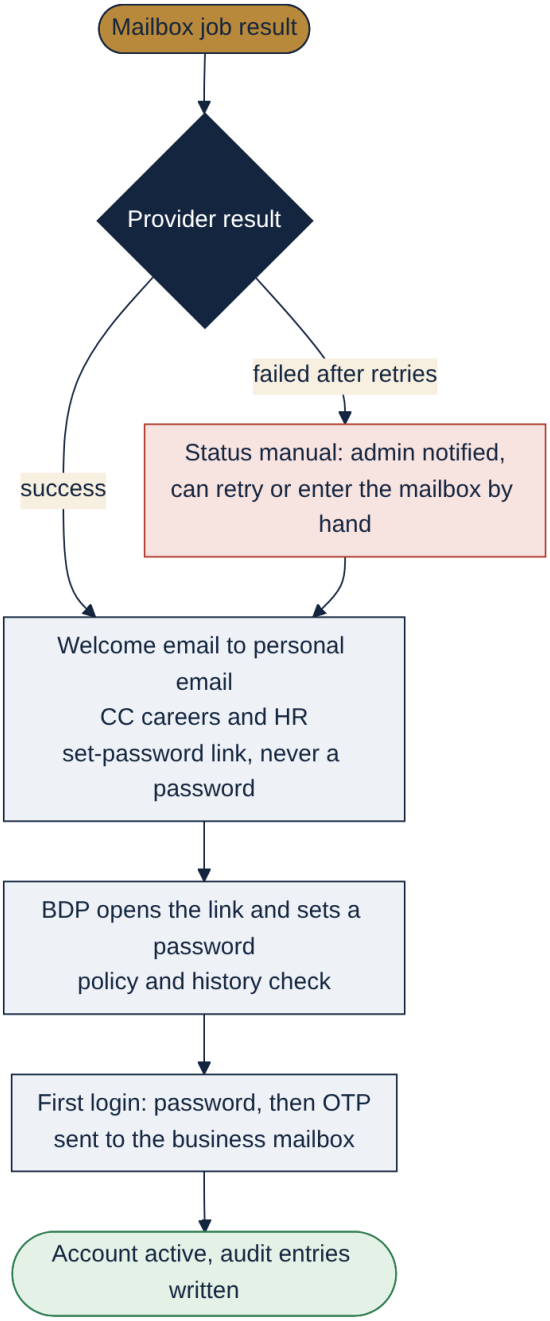

Figure 4-2. Onboarding, part B: first sign-in

4.2 Managing people

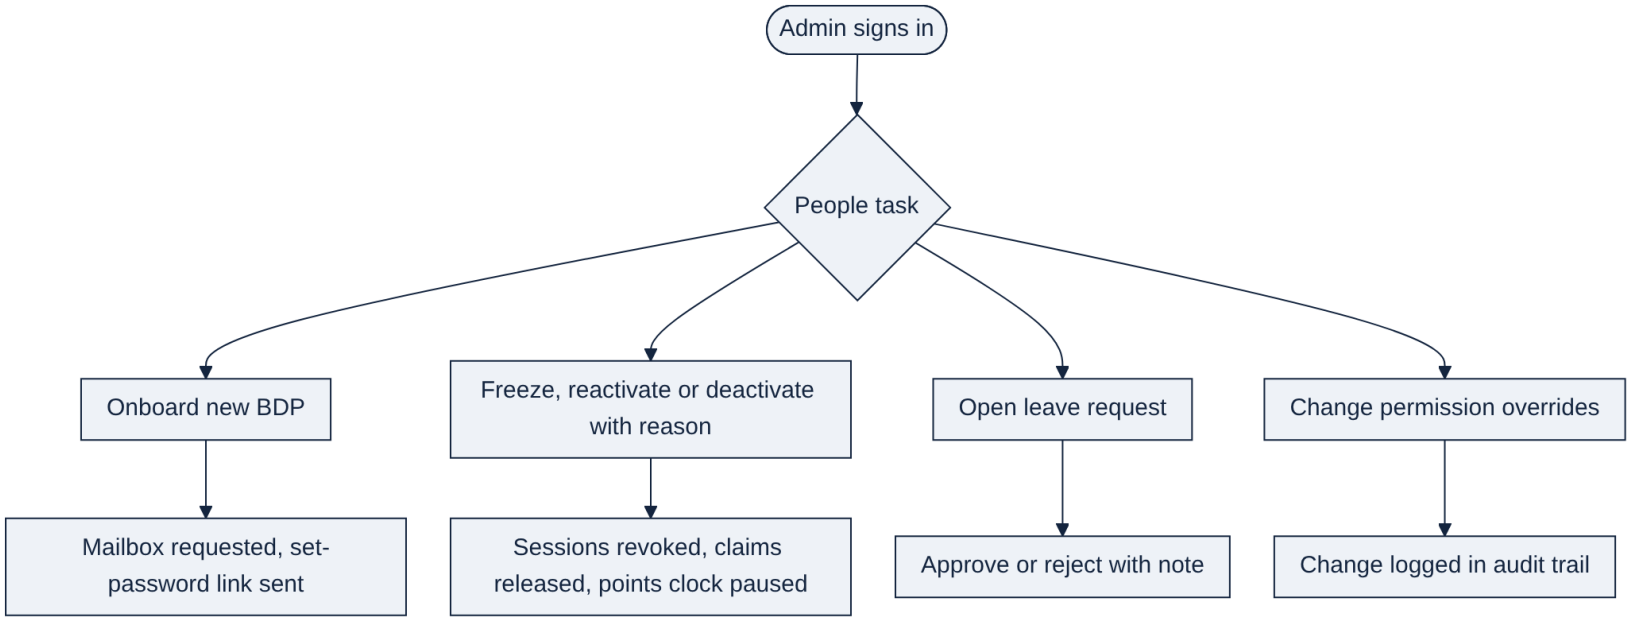

Figure 4-3. Admin people tasks

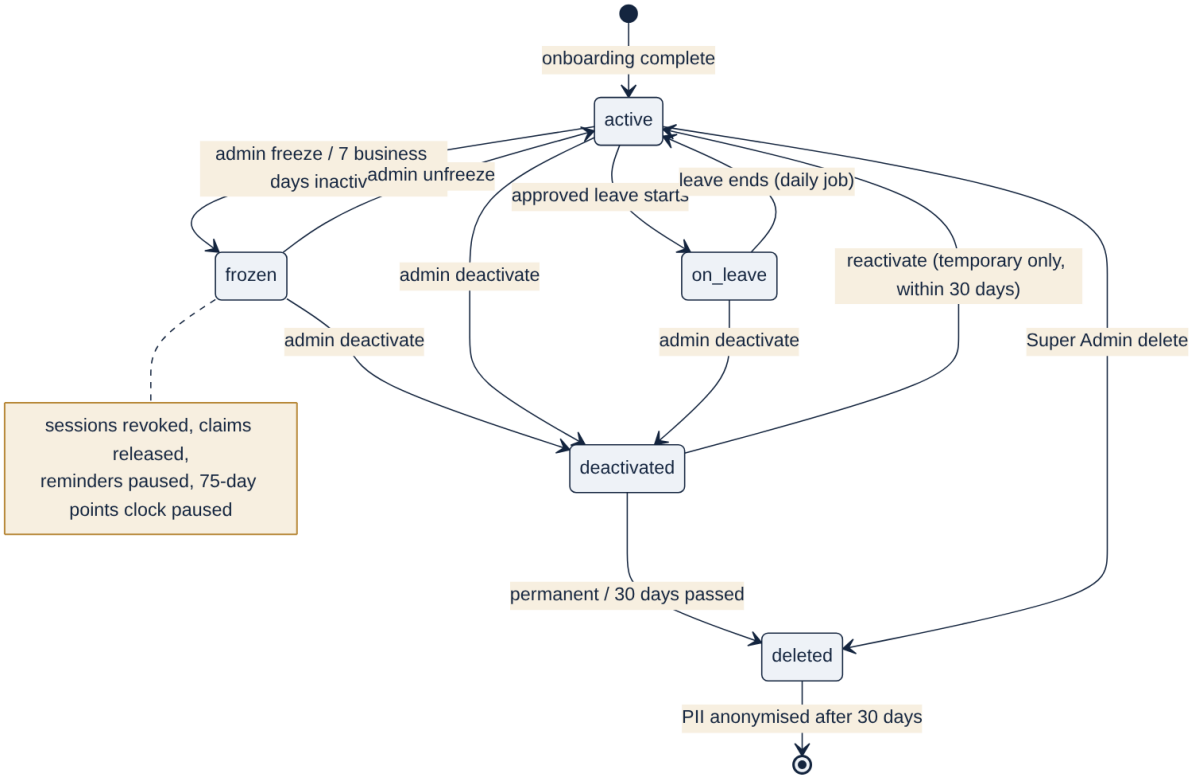

Figure 4-4. Account lifecycle states

4.3 Operations and quality

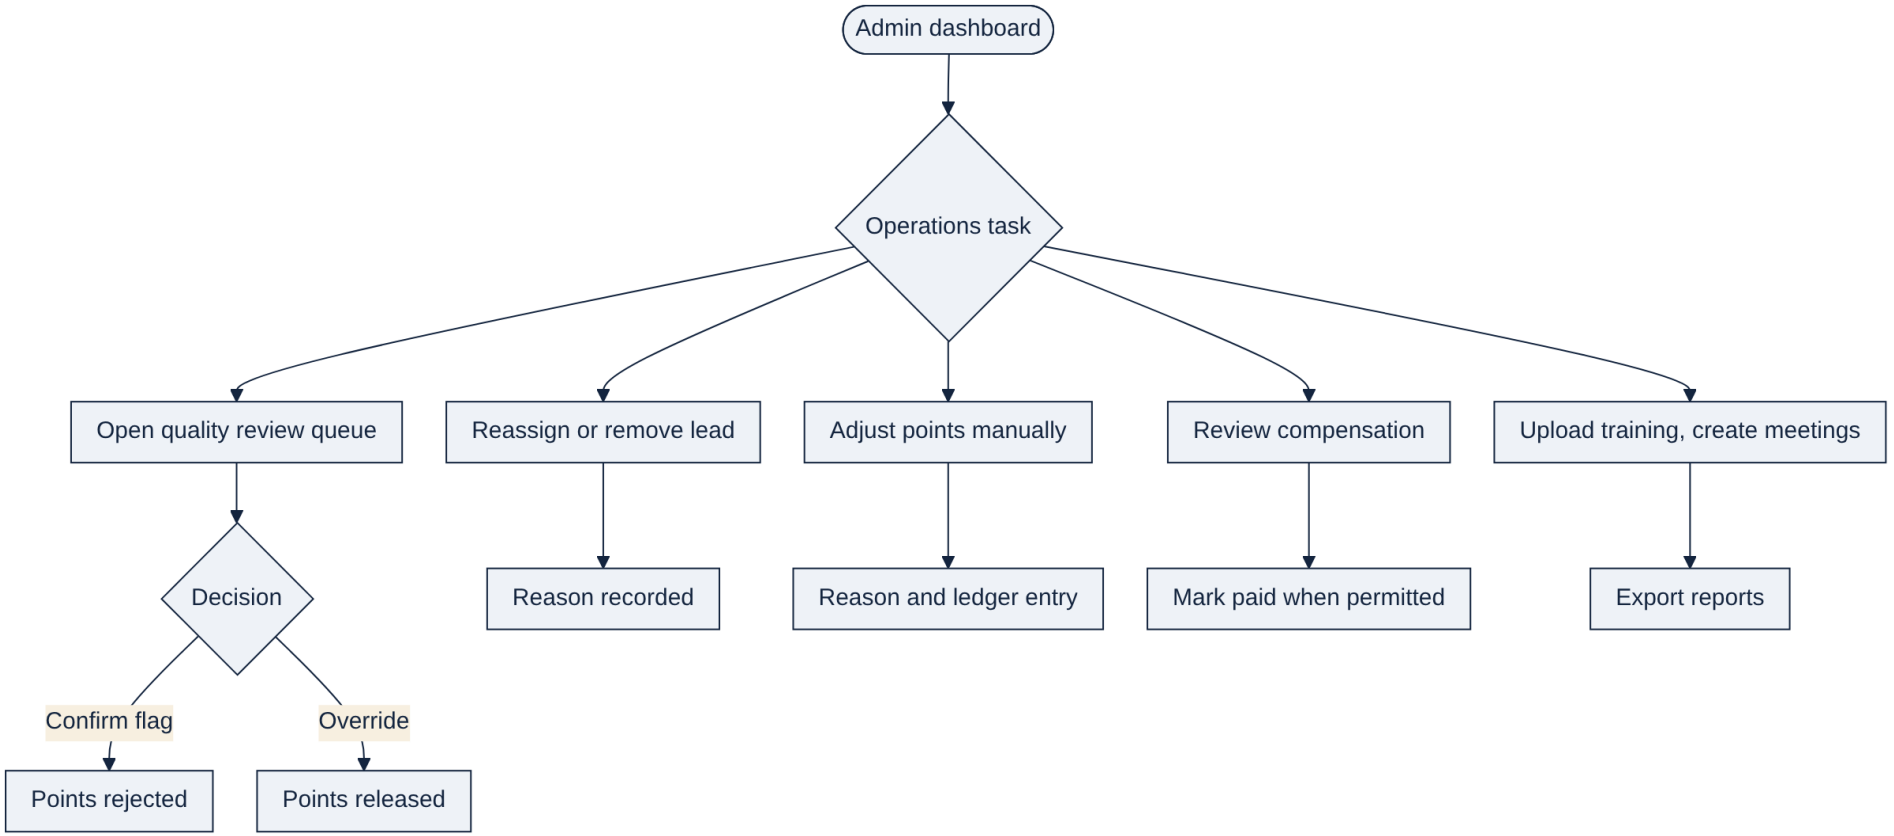

Figure 4-5. Admin operations tasks

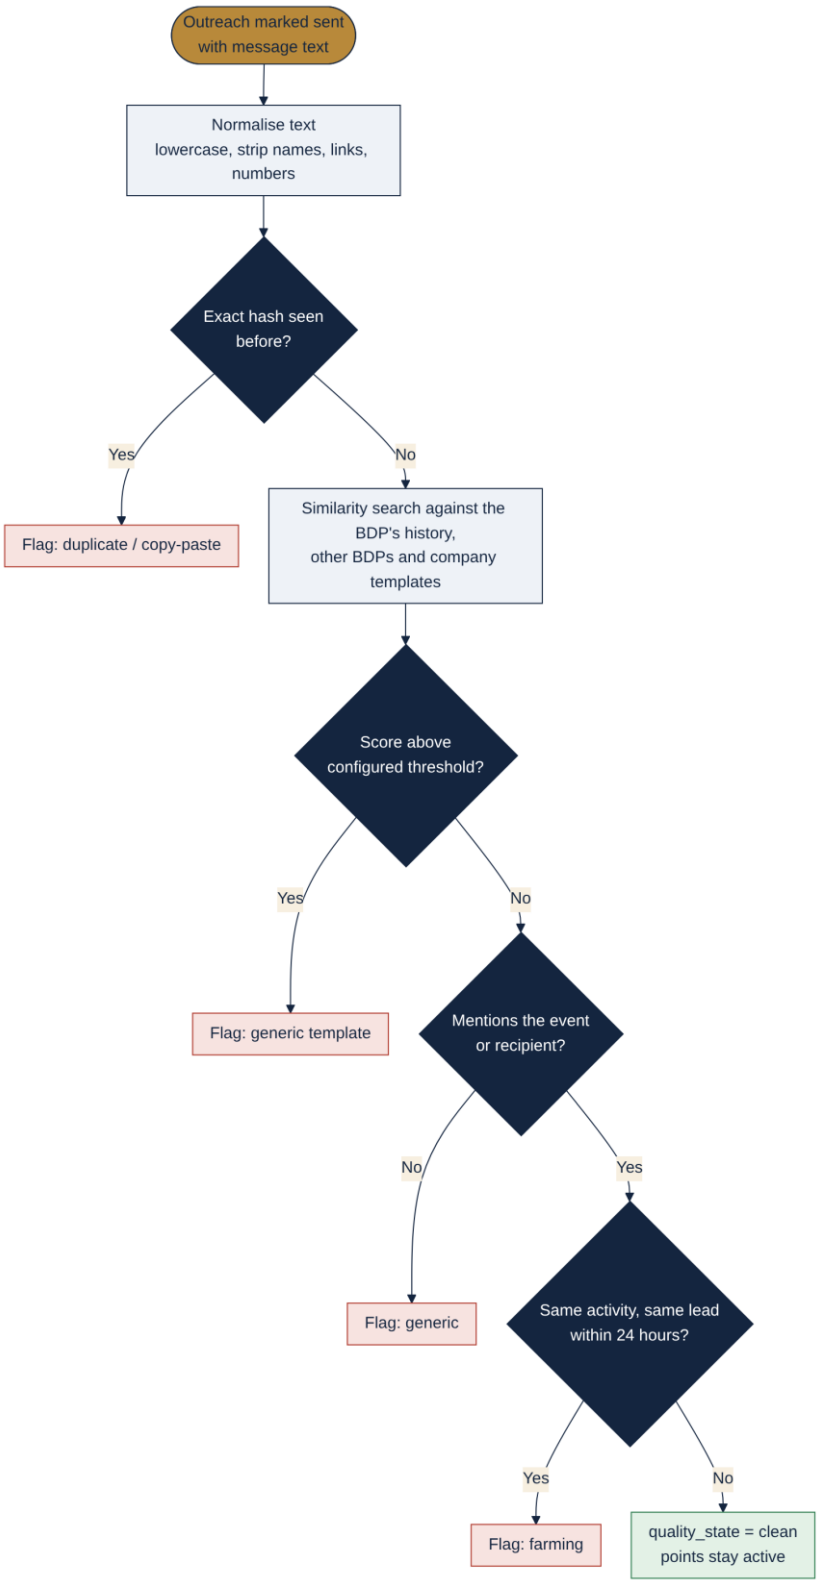

Figure 4-6. Outreach quality check, part A

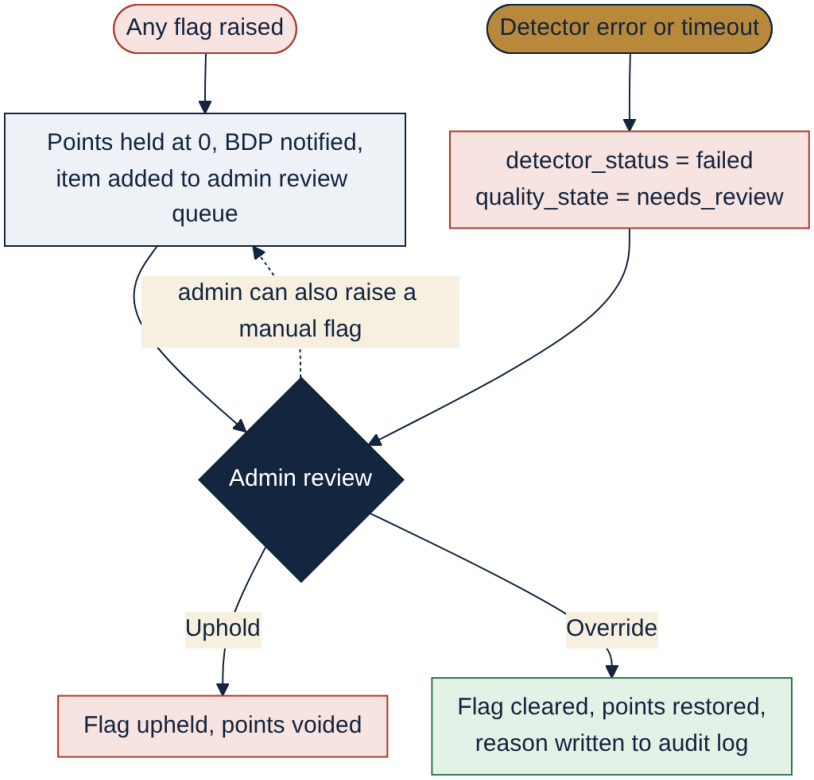

Figure 4-7. Outreach quality check, part B: review outcomes

5. BDP Journeys

5.1 Sign in and claim a lead

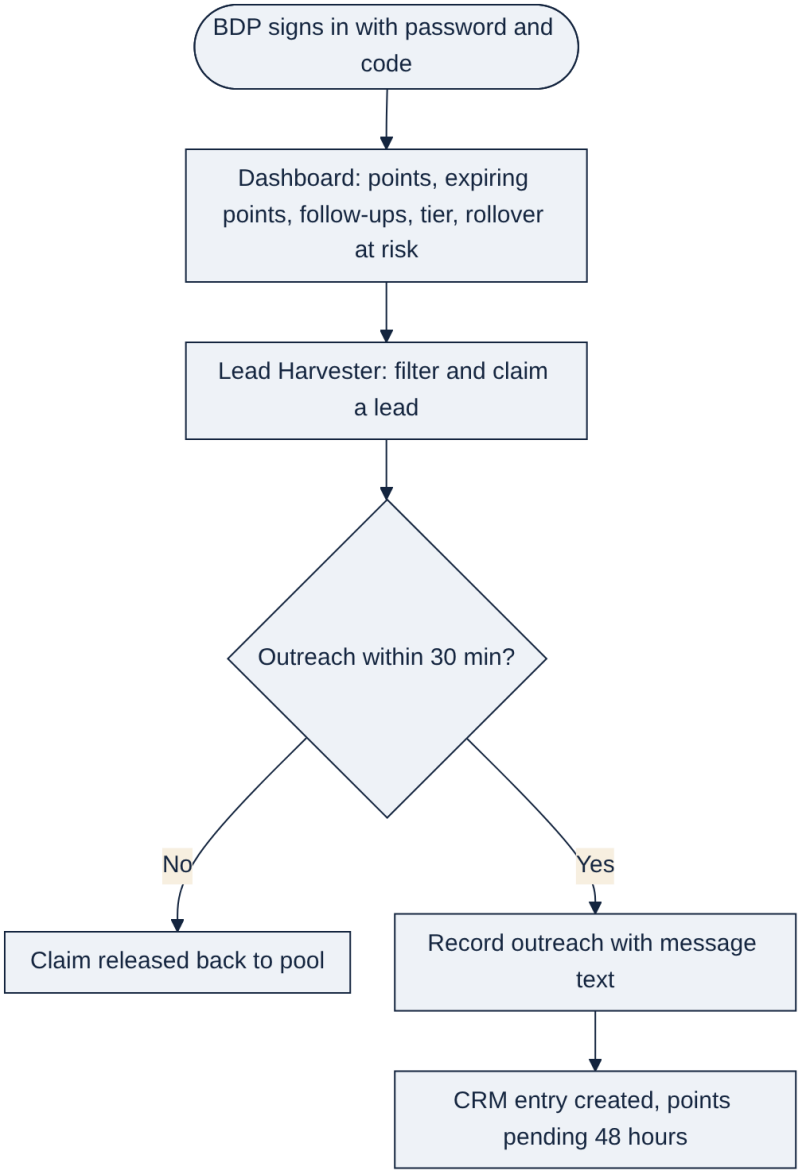

Figure 5-1. BDP start of day: from sign-in to outreach

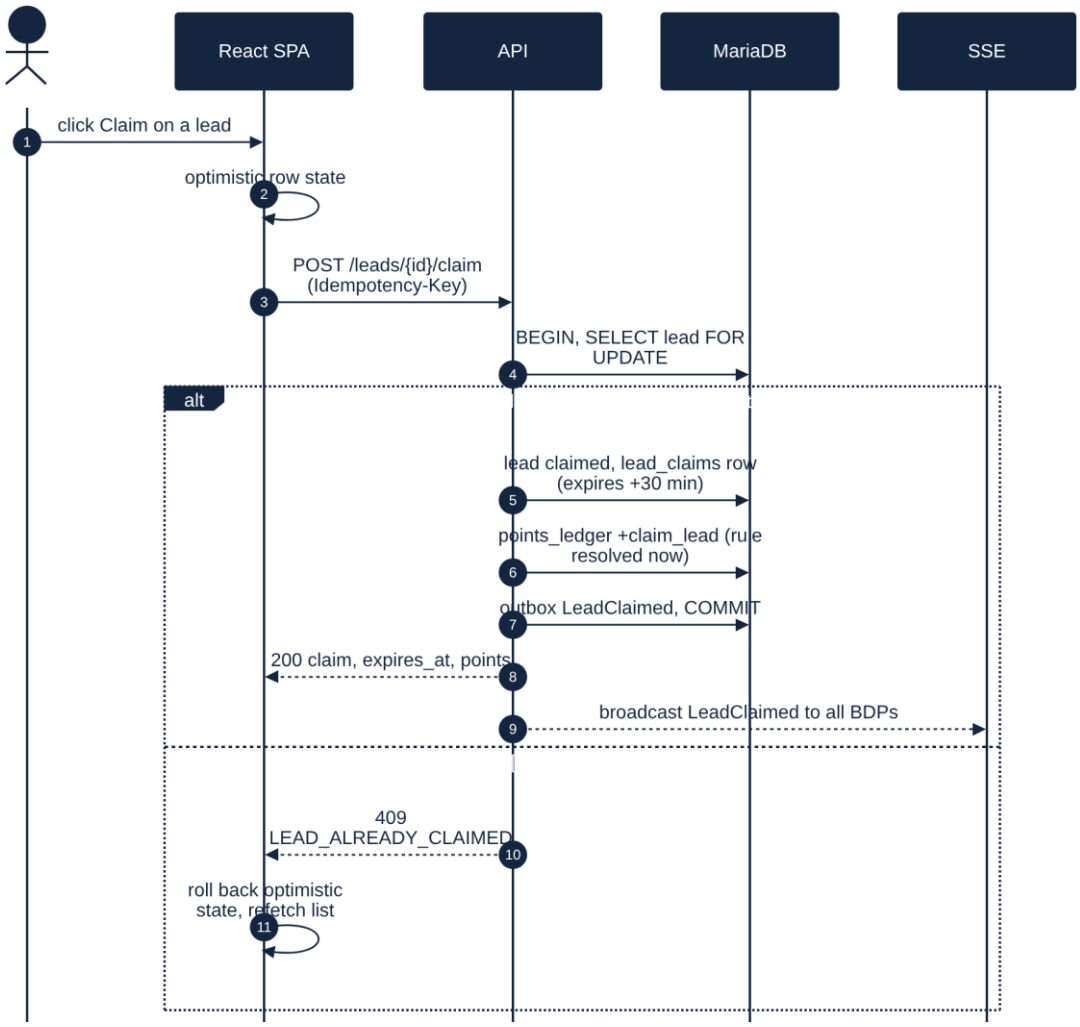

Figure 5-2. Claiming a lead

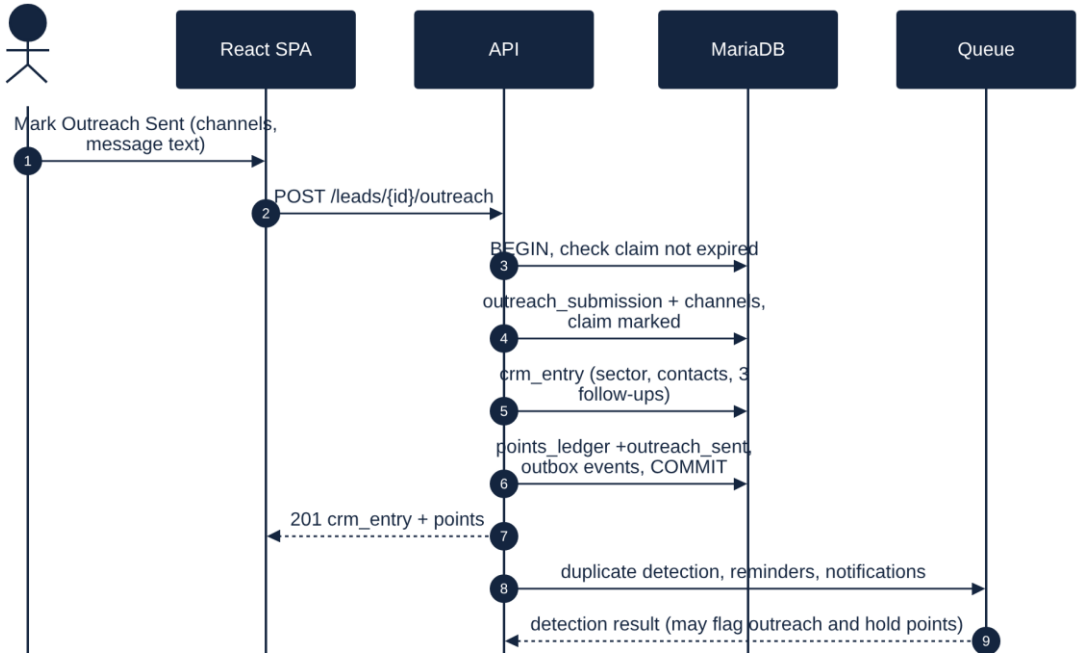

Figure 5-3. Recording outreach

5.2 From CRM to a won deal

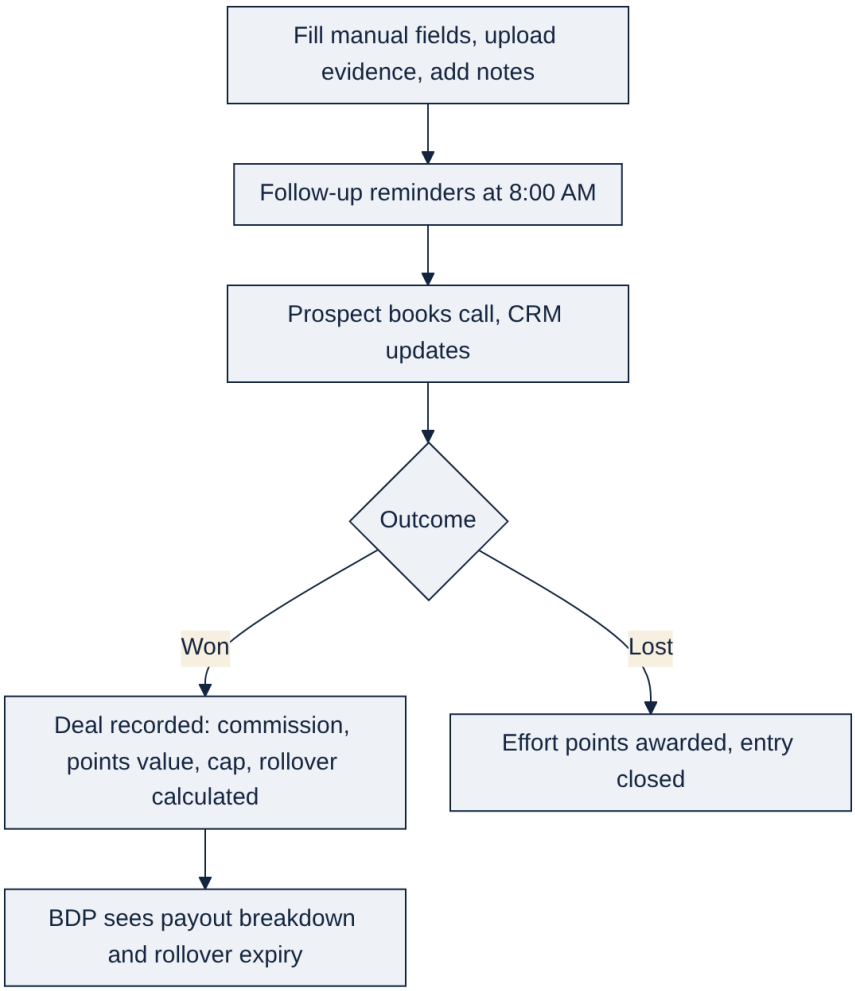

Figure 5-4. From follow-ups to deal outcome

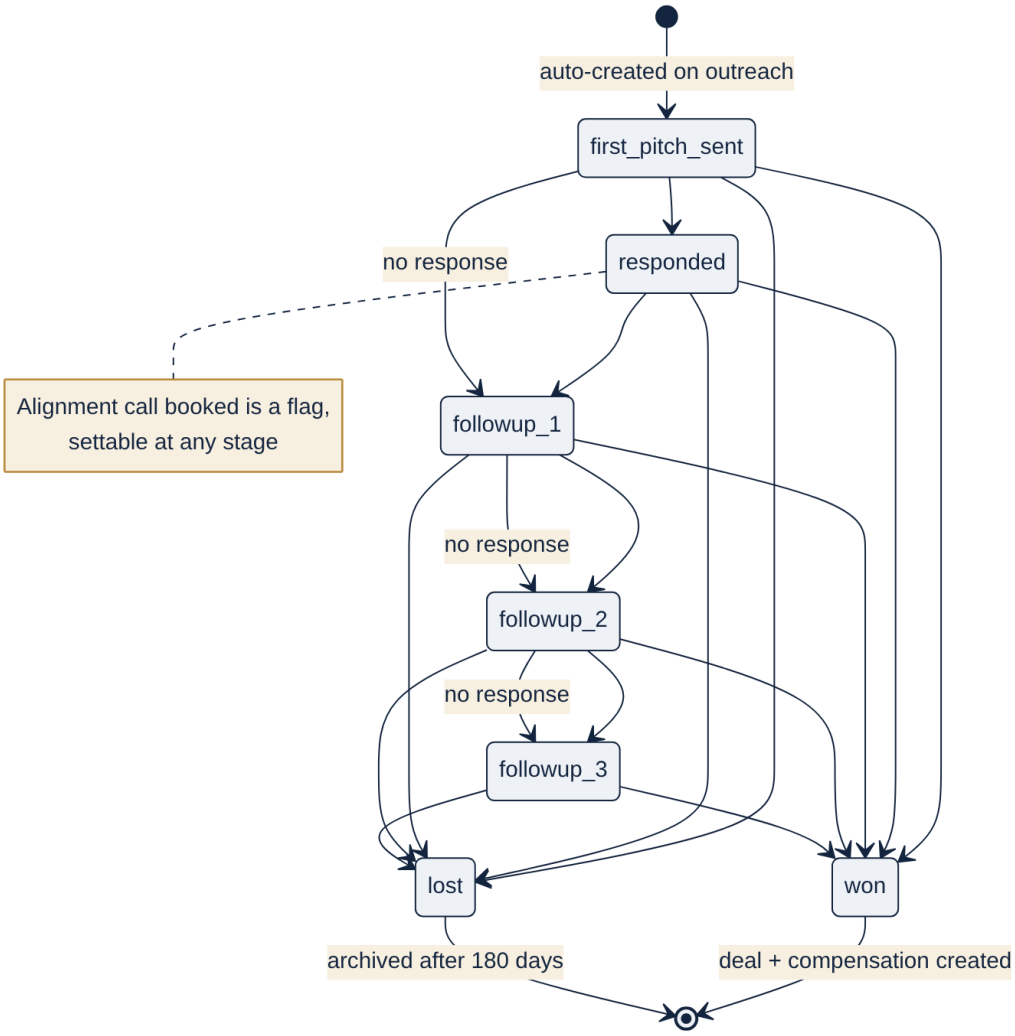

Figure 5-5. CRM pipeline stages

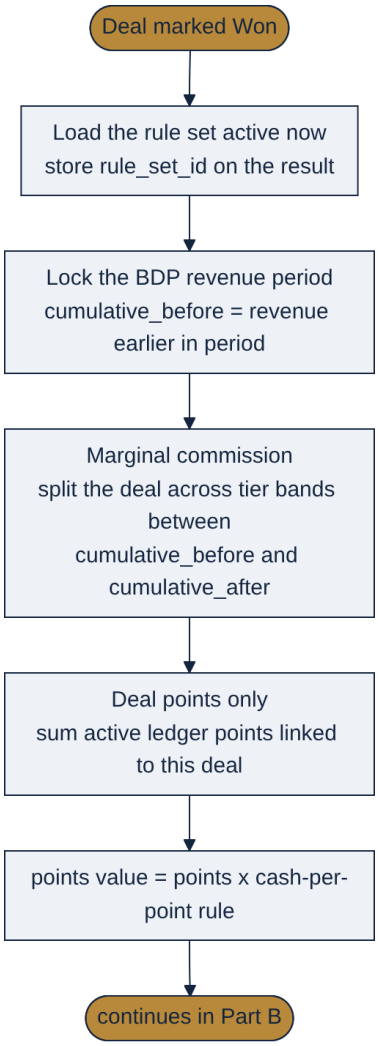

Figure 5-6. What the system calculates when a deal is won, part A

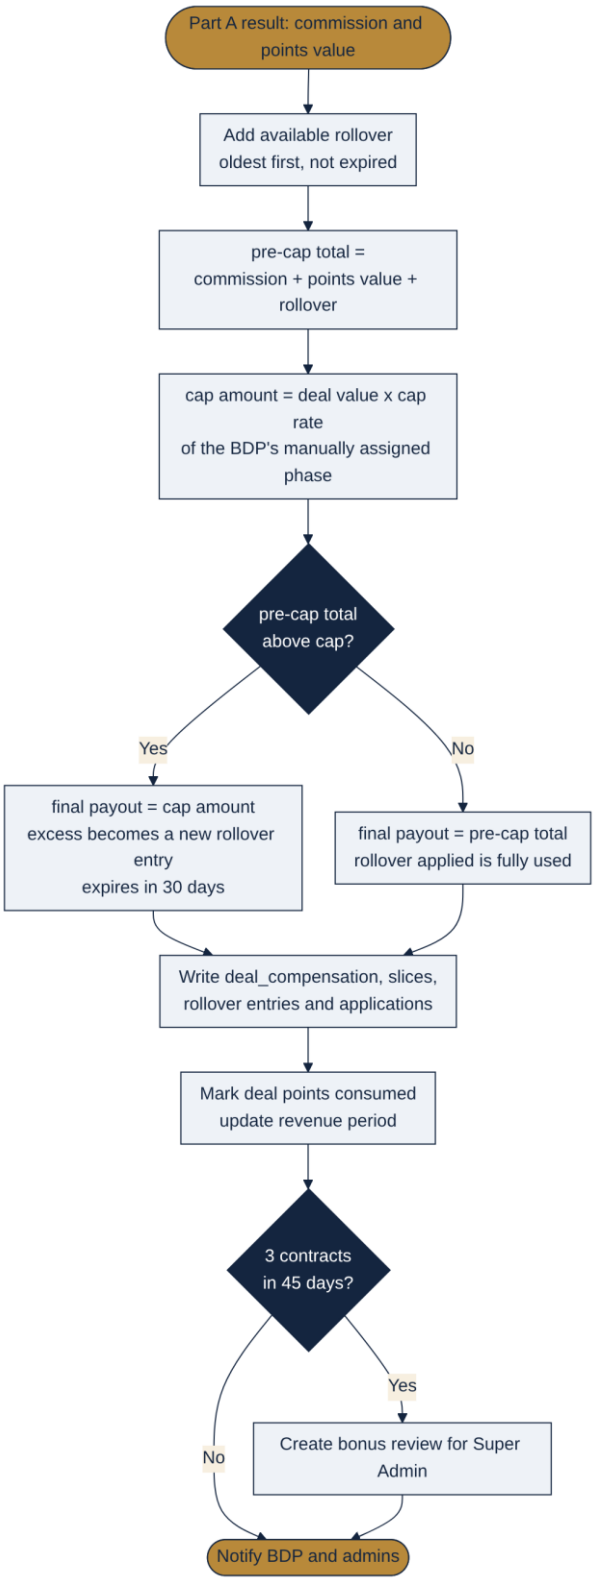

Figure 5-7. What the system calculates when a deal is won, part B

5.3 Points through their life

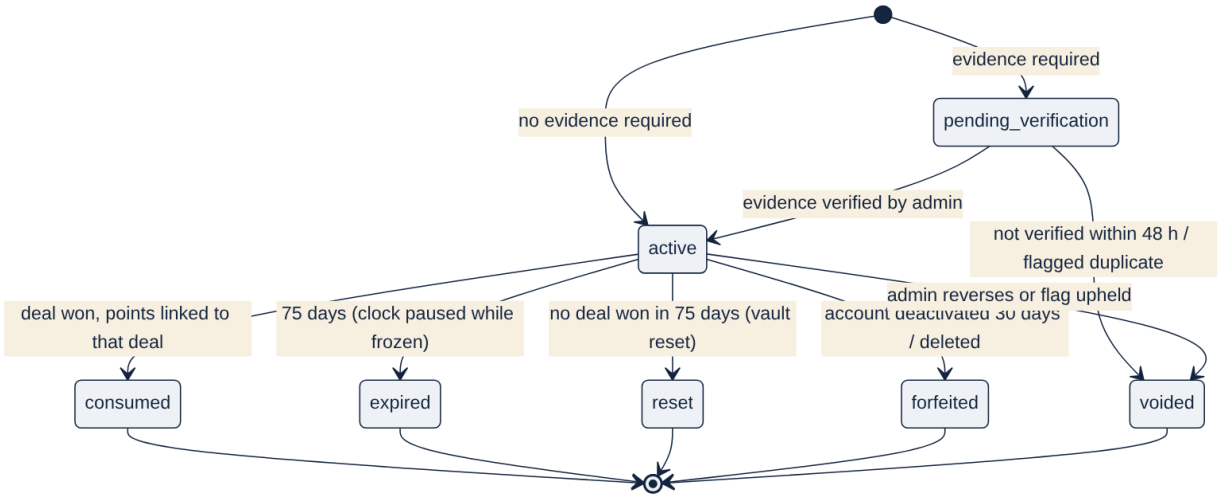

Figure 5-8. Points states

5.4 Everything else a BDP does

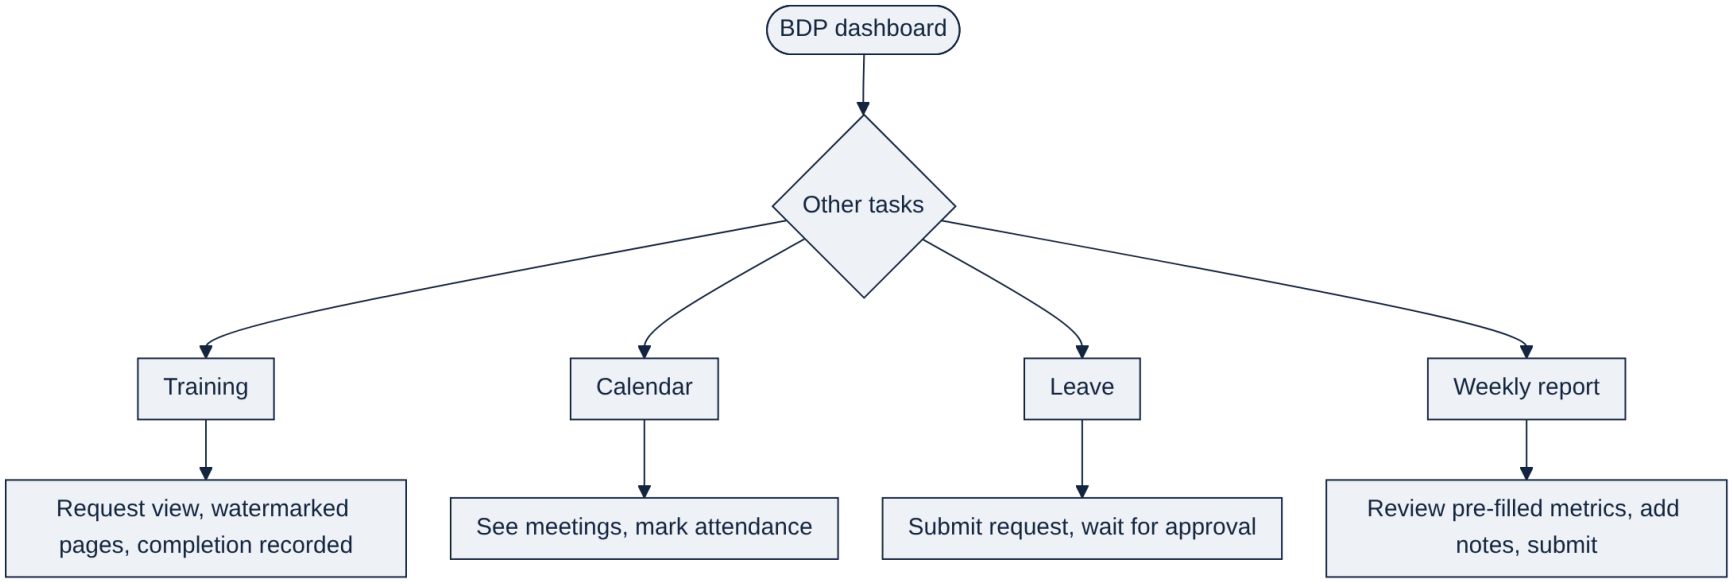

Figure 5-9. Training, calendar, leave and weekly report

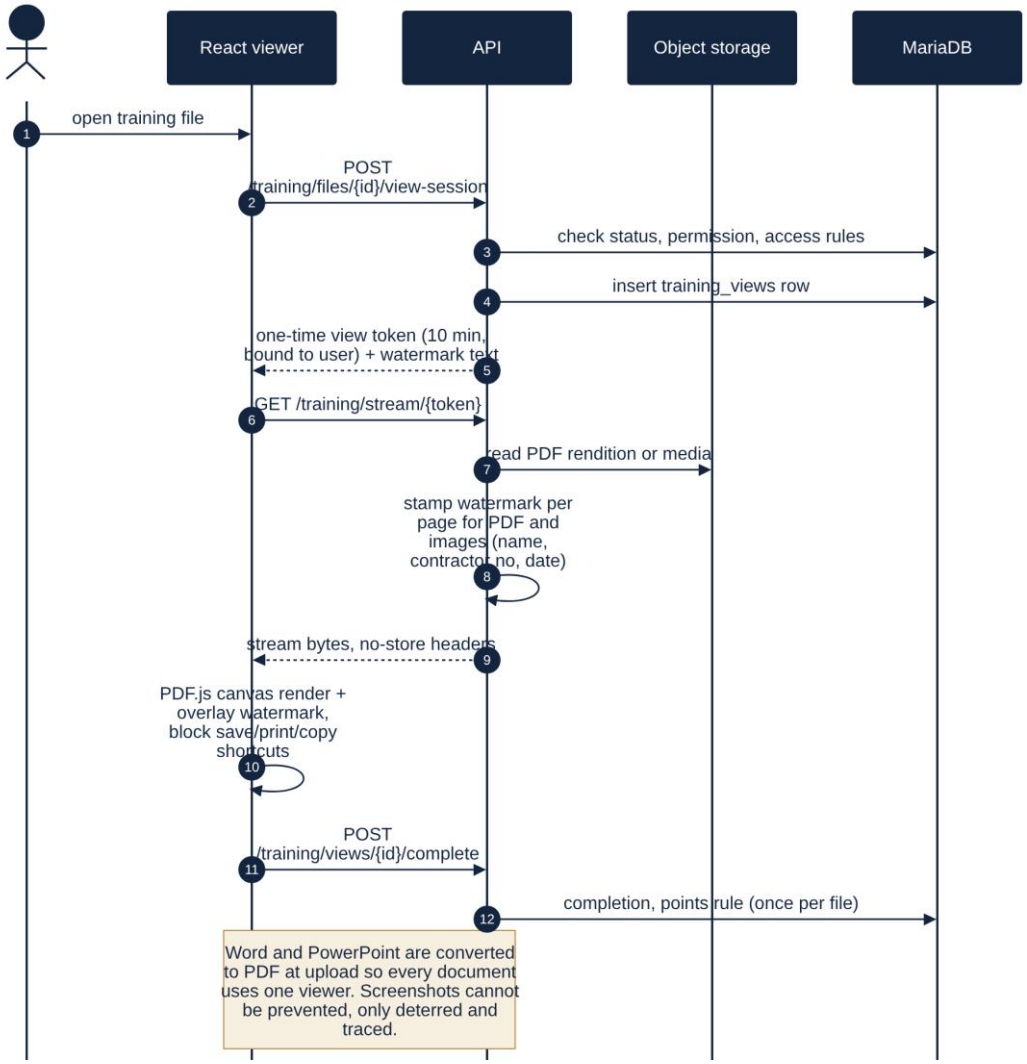

Figure 5-10. Protected training view

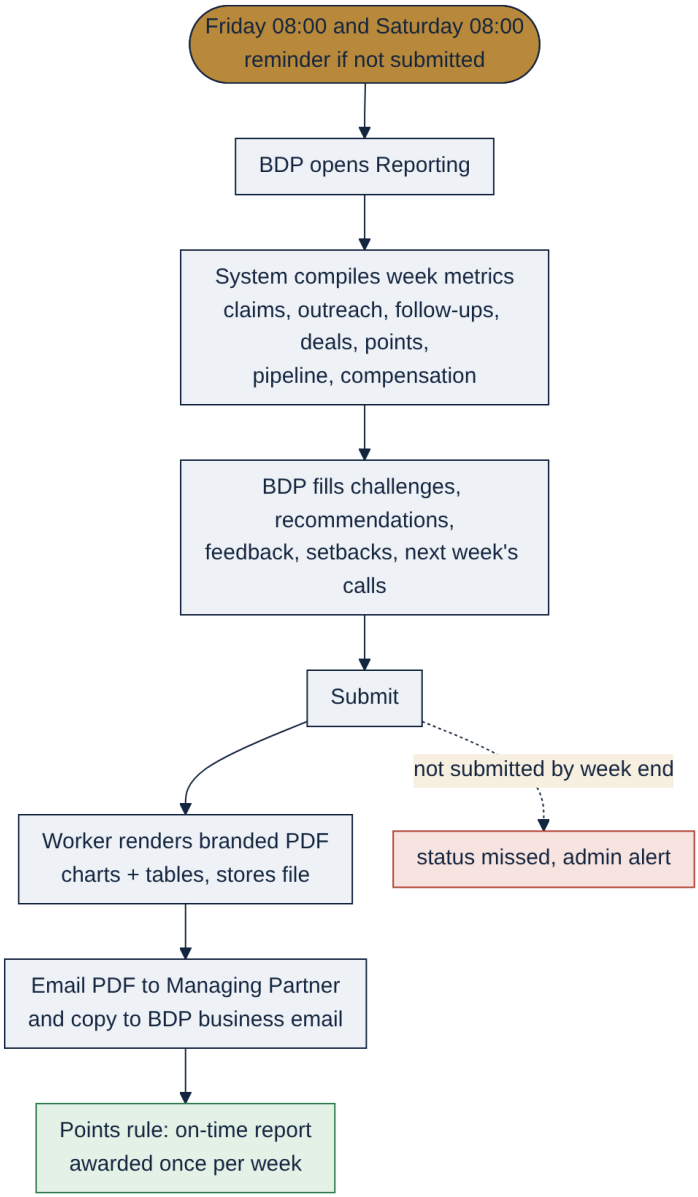

Figure 5-11. Weekly report flow

6. A Typical Day, Step by Step

6.1 BDP

1. Sign in with password and the one-time code.
2. Check the dashboard for points about to expire, follow-ups due and any claim still running.
3. Claim a lead and start outreach inside 30 minutes.
4. Record outreach with the message text; the CRM entry appears by itself.
5. Complete the manual fields, upload evidence, add notes.
6. Attend meetings and mark attendance; view training when assigned.
7. On Fridays, review and submit the weekly report.

6.2 Admin

1. Open the review queue and decide flagged outreach.
2. Handle leave requests and account changes.
3. Reassign stale leads and fix manual point issues with a reason.
4. Review compensation breakdowns; mark paid when permitted.
5. Check the performance dashboard and export reports.

6.3 Super Admin

1. Review the team dashboard and alerts.
2. On Thursdays, authorise performance bonuses from rollover.
3. Update rules through draft, simulate, activate when business conditions change.
4. Assign cap phases, enter valuations and grant equity as needed.
5. Approve compensation unless it has been delegated.
